AQUEOUS PARTS WASHERS

## TOP-LOAD AUTOMATIC PARTS WASHERS

The Safe, **No-Solvent** Solution  
to Cleaning Parts **Automatically**.

# Cuda Top-Load Parts Washers are the clear choice for your cleaning jobs.

Cuda Top-Load Parts Washers use pressurized hot water and specialized industrial detergents with rust inhibitors to clean parts automatically – increasing productivity and saving money while protecting your workers from nasty solvents and manual scrubbing.

## 2216 SERIES

*A compact top-load automatic parts washer that fits most commercial applications.*

### FEATURES

Turntable Diameter	22"	
Working Height	16"	
Load Capacity	500 lbs.	
Sump Capacity	23 Gallons	
Pump Motor	1 HP, 28 GPM @ 30 PSI	
Operating Temperature	150° - 170°F	

**Oil skimmer** automatically removes and collects free oils; prolongs life of wash water (standard feature).

**Easy access debris screen** prevents foreign objects and small parts from falling into sump

Dimensions: 52"h x 32"w x 42"d

MODEL	WORKING HEIGHT	TURNTABLE DIAMETER	VOLT/PH	TOTAL AMPS	ELECTRIC HEATER (kW)	SHIP WT (lbs)
H2O-2216	16"	22"	115/1	15	2	616
H2O-2216	16"	22"	230/1	28	4.5	616
H2O-2216	16"	22"	208/1	30	4.5	616

H2O-2412	12"	24"	230/1	24	4.5	424

# 2518 SERIES

Our top-of-the line, extra capacity model

## FEATURES

Turntable Diameter	25"	
Working Height	18"	
Load Capacity	500 lbs.	
Sump Capacity	50 Gallons	
Pump Motor	3 HP, 50 GPM @ 45 PSI	
Operating Temperature	150° - 170°F	

Dimensions: 50"h x 40"w x 51"d

### Automatic low water shut-off

enhances safety and protects the heating element by automatically turning the unit off if the water level drops too low.

**Removable debris screen** prevents small parts from falling into the sump during wash cycle.

**Nine, 3/16" spray nozzles** produce a powerful jet-cleaning action to blast away dirt grease and grime from parts.

**Vertical seal-less pump**— positive flow and no vibrations; easy to service when needed.

**Easy access sump cover** permits quick and easy cleaning of the parts washer.

**Oil skimmer** automatically removes and collects free oils; prolongs life of wash water (standard feature).

Shown with options

**Built-in wheels** allow the parts washer to be moved easily about the shop.

H2O-2518	18"	25"	575/3	9	6	869

# SJ-15 SERIES

Our water-propelled model

## FEATURES

Basket Dimensions	32" x 21"	
Working Height	18"	
Load Capacity	350 lbs.	
Tank Capacity	90 Gallons	
Pump Motor	3 HP, 50 GPM @ 45 PSI	
Operating Temperature	150° - 175°F	

**The water-propelled spinning spray bar** has 23 precision spray nozzles so parts are hit from every angle and are never more than 18 inches from the spray nozzle creating a Surround Cleaning effect.

**Momentary Safety Switch** automatically turns off pump when lid is opened to protect operator from hot-water spray.

**Automatic Disc Oil Skimmer** removes excess floating oils from solution tank.

### More Efficient Cleaning

Why waste time cleaning parts manually? With Cuda Automatic Parts Washers, you simply load the parts, close the lid and push START. A single parts washer can typically support three to four technicians or mechanics, who would otherwise spend hours washing parts by hand. Cuda lets them concentrate on more productive, income-producing jobs which means your Cuda washer can pay for itself in a year or less.

### Environmentally Friendly, Safe To Use

Cuda parts washers are based on safe aqueous cleaning, so you eliminate the potential health hazards and disposal problems related to solvent use.

### Specialized Detergents

Cuda detergents are designed specifically for use in Cuda Aqueous Parts Washers. At Cuda, we carefully formulate our own detergents to ensure they outperform all other parts cleaning detergents in the industry. Ask your local Cuda Dealer which detergent is right for you!

### A Model For Every Application

Whether the parts you're cleaning are big or small, wide or narrow, heavy or lightweight, Cuda has an automatic parts washer ideal for the job. With load capacities ranging from 250 lbs. to 2,500 lbs., Cuda top-load or front-load parts washers are the perfect solution for all your parts cleaning applications.

All Cuda Parts Washers are ETL-Certified to UL-73 standards

## OPTIONS Top-Load Automatic Parts Washers

- **Automatic Water Fill** automatically adds water if water level drops
- **Containment Rings** 22", 24" or 25" diameter for extra basket capacity
- **Detail Brush** (with pump) allows easy cleaning of blind holes and difficult areas (requires shop air)
- **Power Brush** (pneumatic) removes stubborn gasket materials and carbon deposits (requires shop air)
- **Deluxe Kit** Detail and Power Brush—complete kit
- **Preferred Option Package** Parts Basket, Containment Ring and Oil Container
- **Filtration & Sump Sweep** quickly removes sediment from sump floor through 100 micron filters to help extend life of wash water
- **Heater and Skimmer Timers** (24 hour/7 day)
- **60-Mesh Debris Screen Tray Insert** provides finer screening of sump solution
- **Small Parts Basket** for smaller parts cleaning
- **Hour Meter** displays elapsed time
- **PK-100D Sump Cleaner** provides an economical and efficient way to process and extend the life of wastewater
- **Oil Drain Container** collects oil from Automatic Oil Skimmer
- **Wastewater Drum Evaporator** is ideal for eliminating very low volumes of wastewater for drying sludge

The 90-day labor warranty for all Cuda parts washers is automatically extended to a **1-YEAR LABOR WARRANTY** with exclusive use of Cuda detergents. Cuda parts washers are also covered by a **1-year parts warranty**.
